

## Information about Branch-wise & Semester-wise Subject Codes as applicable under various Schemes

1. It has been observed that wrong Subject IDs are uploaded in PCA application which is not applicable to that Batch of students. For instance, in many cases where subject name is similar but subject ids are different, wrong subject id has been uploaded by the Institute for that student which is not applicable to his batch. For example,

a. PCA of a student of 2011 Batch has been uploaded in Subject Id 170751 which is applicable to new batch and instead should have filled 030751 applicable to his batch.

b. PCA of a student of 2017 Batch has been uploaded in Subject Id 030761 which is applicable to old batches (2011 & before) and instead should have filled new subject id 170763 applicable to his batch.

2. In this regard, **branch-wise list of Subjects / IDs along with their applicable scheme(s)** is as below. The list may please be referred to for filling / correction in the PCA:
